

# TECHNICAL RIDER

## the **TORPÉDO SWING**

### *the origins of Rock'n'Roll !*

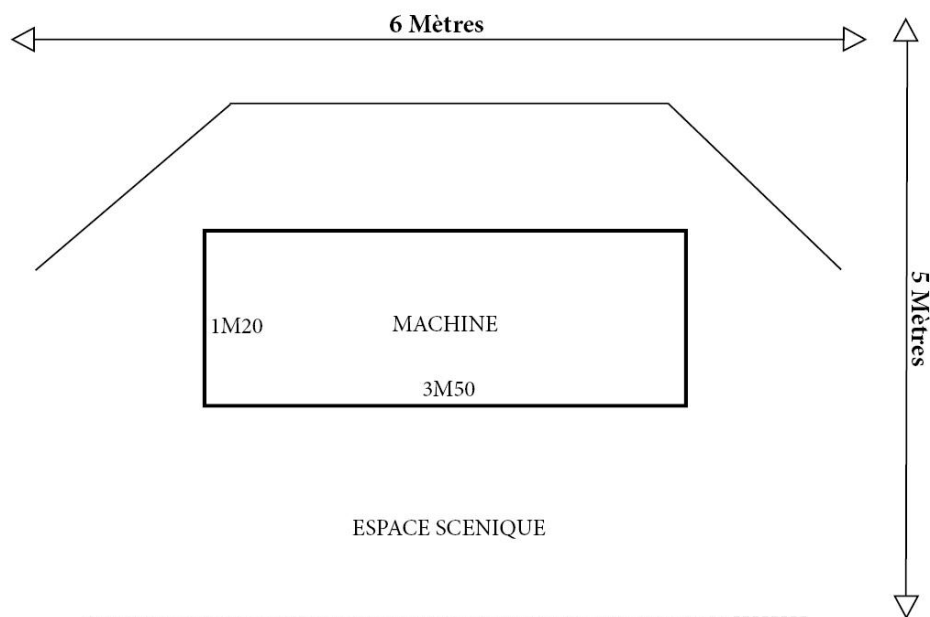

height = 2m70  
length = 3m30  
width = 1m10

## **FIXED SHOW (20 minutes)**

performed 2 times per day

- **Immobile show** (flat & regular area, 6m x 5m)  
(we install a backdrop and we mark the playing space)
- **audience** : about 200 people
- **electrical supplying** : 1 plug 220V – 16A (more if playing by night)
- **setting up 2 hours / dismantling : 1 hour**
- **a person following the show** : is needed during the performance
- **board & lodging** for 2 or 3 people
- **dressing room** for 2 persons (drinks, fruit, biscuits ...)
- **a nearby car park** is needed for a van and a trailer (100m maximum)
- as well as **a secured and flat place to store the material**  
between the performances and during the night
